IF I WERE JH

THE DANSE SOCI

SOUND OF SIL

THE DANSE SOCIETY
IF I WERE JESUS / SOUND OF SILENCE

A new single with light glowing keyboards (Sam Bollands), stark and stately drums (Iain Hunter), seductive recurring guitar (Paul Nash), craftily elegant vocals (Maethelyiah) and firm sullen bass (Jack Cooper). It has its own sense of atmosphere, but stays upfront with a bright tension, and there's a tantalising hint of Bond soundtrack about it because of the measured drama. (The video's good too, check that out.) The b-side is equally intriguing, being an unusual take on what is generally a fairly lightweight thing, as it shudders with an eerie energy, then grows, ascending grandly and extinguishes itself with dignity.
